Subject: FYI EPA protest re glyphosate tomorrow

Just wanted to let you know

[Global Healing Center](#)

by Dr. Edward Group DC, NP, DACBN, DCBCN, DABFM

Join The Food Justice Coalition as we go to D.C. to fight The DARK Act! Friday will be a day of action and Saturday will be The Food Justice Rally with speakers beginning at noon EST until 1:30 p.m.

Food Justice Action: 2-Day Schedule of Events

On Friday, Oct. 16th, Truth in Labeling and Moms Across America are organizing lobbying groups to meet with Senators to lobby for the Genetically Engineered Food Right-to-Know Act. They are also organizing buses with the option for either a round-trip ride or a one-way ride if you stay over for Saturday.

*****Note that we have moved the narrative march portion of this action to Friday, Oct. 16th.*** We believe we will have far more of an impact doing the narrative march while the locations we are targeting are open for business. There will be a second march following the rally on Saturday.**

We ask all participants to meet at Lafayette Park about 3 p.m. EST. We will begin the march at USTR and the Chamber of Commerce. Margaret Flowers and Kevin Zeese will speak about the TPP. Then we'll head to Monsanto to occupy the building while a presentation is given. We are being a bit quiet on specifics as our groups and event pages have been infiltrated by Monsanto shills, but expect some cool visuals. From the Monsanto building, we will head to the EPA (about 5 p.m., as a point of reference). **Zen Honeycutt will speak about glyphosate, recent testing and the EPA's lackadaisical attitude towards a solution. We are asking participants to consider dressing as bees so we can do a bee die-in in the lobby of the EPA. After the EPA, we will head to the White House.** Please bring a flashlight so you can help us Shine A

Light On The DARK Act. We will have the advantage of rush hour traffic at this point and we believe this unique form of protest will have a stunning visual impact! If you can't make it, but still want to contribute, you can [donate here](#).

On Saturday, Oct. 17th, please meet on the West Lawn of the Capitol building for the [Food Justice Rally](#). Our permit begins at 10am and we encourage you to come early and take part in education workshops that [MAMNYC](#) is organizing.

The rally itself will begin at NOON. Confirmed speakers include [Dr. Edward Group](#), [Steven Druker](#), [Anthony Gucciardi](#), [Ronnie Cummins](#), [Adam Eidinger](#), [Kelly L. Derricks](#), and [Liz Reitzig](#) with other special guests. There will be a large unity march through the streets of D.C. following the rally. *****Please bring flashlights, signs, and any banners you may have!*****

Why is this Important?

Monsanto is responsible for tainting our food supply with [glyphosate](#) and [GMOs](#). Even worse, [Monsanto fights GMO labeling](#) and suppresses your right to know what you're eating.
